“As an international student, I had to sit in front of my cell phone or PC to look up a web dictionary continuously. Now I can check every new word within half a second. I love the LingoPen™ more than my cell phone.”

- Amazon User

Instant translation

More than 20 built-in dictionaries

Discreet and portable

Supports language learners

Reads text aloud

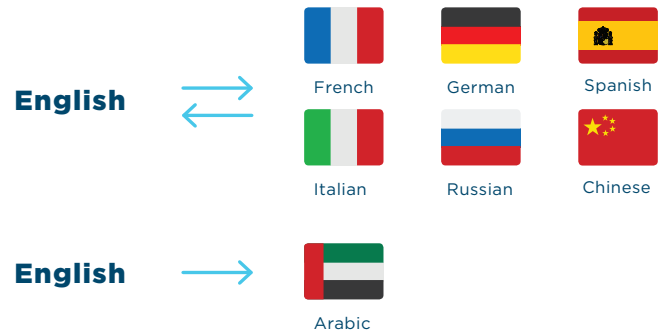

Great for EAL students

\$330 ex TAX

The LingoPen™ is a major technological breakthrough for anyone working or studying an “additional language”. The embedded camera and OCR technology enables instant lookup & translation of words. Other features include a digital highlighter for capturing and storing text, 2GB storage & Voice recorder.

The LingoPen™ supports:

Arabic*, Chinese, English, French, German, Italian, Russian, & Spanish
 *Only one-way translation: English to Arabic

“The audio functionality is of course beneficial for all EAL learners; the importance of students hearing target language modelled is a fundamental principle of good practice for supporting students who are learning English as an additional language.” - **Hampshire EMTAS Teacher Adviser**

KEY FEATURES

- Highlight and store text in internal memory to later review
- Upload files to aid revision
- Use the voice recorder function to help develop your vocabulary and pronunciation

- Multiple accents included
- Connect and scan directly to a Windows/MAC/Linux computer
- No additional software required
